

Want to **move your career forward** but don't know how to start?

Meet with an EdAssist coach to map out your plan.

EdAssist
by Bright Horizons

Through your EdAssist benefit, you can work one-on-one with a coach, who are all former Admissions and Financial Aid officers, to:

Understand your education benefits

Explore your employer's program, what it covers, and how to tap into your tuition assistance in a **Benefits Program coaching session**.

Create your personal career roadmap

Learn how to tie education to your career goals and find the best school or program for your learning style and lifestyle through an **Academic coaching session**.

Plan your financial strategy

Develop budget strategies to reduce or eliminate your out-of-pocket education costs, and explore financial aid options like grants and scholarships through a **College Finance coaching session**.

Talk to a coach to launch your career. It's easy!

1
